

GET YOUR HOME SPRING-READY

VISIT EBSTONEREALTY.COM FOR MORE!

1

CLEAN YOUR GUTTERS

If you'd like to take the DIY approach, start with a good pair of gloves, sturdy extendable ladder, and a small shovel or scoop. If you'd rather skip the chore and hire someone to get the job done, Yelp has some great options for you. Jerry's Seamless Guttering services the Delray Beach area. Sunrise Roofing and Cleaning services Palm Beach Gardens and All Gutter Systems takes care of the Jupiter/Tequesta area.

2

SERVICE YOUR AC

April showers don't always bring May flowers, it brings humidity. Don't get caught roasting in the lovely Spring heat. You should get your air conditioner serviced twice a year by a professional. Be sure to change your filter once a month to ensure optimal performance.

3

CHECK YOUR FOUNDATION

Check your driveway and home foundation for signs of cracks or movement. If you find a few cracks, fill them with a concrete crack filler or silicone caulk.

4

CHECK YOUR ROOF

Time to climb! Make like Santa Claus and get up on your roof. No need to slide down the chimney, just be sure to check for loose, cracked or buckled shingles. If you find any, they need to be replaced - preferably before Dec 25th. Santa doesn't carry insurance after all.

5

PUT SOME PRESSURE ON IT

If you have a pressure washer, start blasting away at your siding and sidewalks. This will get dirt, grime, and mildew off, eliminating odors, unsightly mold, and rotting.
